

## Woman's Life Launches New Website

August 29, 2008

Port Huron, Mich. - Woman's Life is pleased to announce its continued outreach to women worldwide with the launch of its new and improved website at [www.womanslife.org](http://www.womanslife.org). "Woman's Life continues to be the single best resource for women who enjoy connecting with other women for fun, mutual support and community outreach and this fresh new site provides women easier access to these important resources," said Janice Whipple, president and chairman of the board.

The Woman's Life website highlights the opportunities the organization provides to women to make a difference in the communities in which they live through a unique local chapter framework. The major components of the site focus on a woman's life and the role that the organization plays in the life of every woman.

**It's about "Having Fun"** - Getting together with friends for fun while doing good in their communities;

**It's about "Helping Others"** – Chapters working together to support communities;

**It's about "Personal Growth"** – Making you and your chapter stronger every day; and

**It's about "Staying Healthy"** – Individual fraternal benefits to assist you in special ways.

"Indeed, it's all about a woman's life. Your life. Your connections. Your community. Your causes." said Whipple.

Woman's Life was founded by women, for women who enjoy sharing a good time together while also doing good things for others. For over 115 years Woman's Life has been connecting women with other women who care, giving women a place to belong and a close community of friends. And, the women connected through Woman's Life have an unparalleled opportunity to make a difference together and to make a significant impact on causes important to them.
