

## Disaster Alert – Extraordinary Event

**September 17, 2008**

Due to the events in Texas (Hurricanes Dolly and Ike) and Louisiana (Hurricane Gustav), Woman's Life Insurance Society has instituted a moratorium on lapsing Woman's Life policies held by members located in a county, within one of these states, which is declared by the state or federal government to be a disaster area. The moratorium will apply to those policies that would otherwise lapse on or after the Moratorium Begin Date and will remain in effect until the Moratorium End Date. The Moratorium Begin Date and Moratorium End Date for each state in which the impacted county is located is as follows:

**Texas:**        Moratorium Begin Date: July 24, 2008.        Moratorium End Date: September 22, 2008.

**Louisiana:**    Moratorium Begin Date: August 30, 2008.    Moratorium End Date: October 1, 2008.

**Texas:**        Moratorium Begin Date: September 7, 2008. Moratorium End Date: November 6, 2008.

This moratorium is not a waiver of the premium requirement, but is only an extension of the grace period in which to pay the premium.

If you have any questions or concerns regarding your certificate, please call Mary Hutton in our Member Service Department at 1-800-521-9292 Ext. 163.
