

## **Woman's Life Insurance Society Joins the Annuities Genius InsurTech Platform**

Woman's Life Insurance Society is proud to announce a partnership with Agatha Global Tech, LLC, creators of the Annuities Genius InsurTech Platform. Licensed annuity producers can now find Woman's Life Insurance Society's Intuitions Five, Intuitions Flex, FPDA and SPDA annuities listed on [www.annuitiesgenius.com](http://www.annuitiesgenius.com).

Annuities Genius is the premier online resource where annuity agents can search to find all the information they need to sell annuities. This includes product descriptions, brochures, rates, and tools for illustrating, calculating, and comparing various products. The software can be used to generate annuity reports and to generate leads for agents using their own personal websites.

Woman's Life Insurance Society is a non-profit membership organization. Since 1892, Woman's Life has offered quality financial products including whole life and term life insurance, and flexible premium and single premium annuities designed to help women plan for a financially secure future for themselves and their families. Through the sale of our financial products, Woman's Life funds community projects held by its members to benefit charitable organizations and individuals in need in the communities where those members live.
